MLFTA
MONARCH
LUGGAGE FACTORY
TENANTS ASSOCIATION
14 VERONA
5 DELEVAN
19 DELEVAN STREET
BROOKLYN NY 11231

October 31, 2026

Dear Mr. Scott Berman and Harbor Tech,

We are writing to inform you that the tenants of 14 Verona Street, 5 Delevan Street, and 19 Delevan Street have re-formed the Monarch Luggage Factory Tenants Association (MLFTA). We have organized to give residents a unified voice in discussions with ownership and management and to better advocate for our shared priorities.

The association intends to raise the following concerns:

1. **Rent increases**. Our foremost concern is the continued aggressive rent increases, which we do not believe are justified by the building's condition or the services provided.

2. **Building safety**. Residents have ongoing concerns about security and safety in the building.

3. **Mail and packages**. The building lacks a secure mailroom, and package theft is a recurring problem.

4. **The courtyard**. Tenants seek restored access to the courtyard, transparency about any safety concerns Harbor Tech has identified, and resolution of ongoing issues affecting the space.

5. **Construction next door**. Although the adjacent construction is outside Harbor Tech's control, it continues to severely disrupt residents' daily lives, and Harbor Tech's response to these impacts has been inadequate.

6. **Lease terms**. The association seeks standardized lease agreements with uniform terms and a common commencement date for all association members' units.

We are seeking an open, ongoing dialogue with management on these matters. We ask that management meet with association representatives to discuss these concerns and let us know by November 16 when management representatives are available to meet.

Please contact us at the email address below. We look forward to your reply.

Sincerely,

The Monarch Luggage Factory Tenants Association
